Republicans Committed to Voting for Republican House Officers

NASHVILLE – Together, as members of the House Republican Caucus, we are proud to announce our unified commitment to vote **for a Republican** for Speaker of the Tennessee House of Representatives. We also commit to vote **for a Republican** Speaker Pro Tempore.

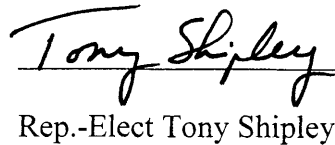

This is yet another historic moment in a series of what has already been and what we are sure will continue to be historic events leading to the Republican control of the Tennessee House.

We are all honored and humbled by the trust Tennessee voters placed in us both individually, as representatives of our own districts, and collectively as a majority. Tennessee voters asked for change by electing Republicans to lead, and Tennessee voters are ready for common sense to make a comeback in government. We take the responsibilities that come with being the majority party very seriously and are ready to meet the challenges ahead.

As a visual sign of our commitment, all 50 House Republicans have signed this document:
